PLANO, TEXAS, THURSDAY, JANUARY 24, 1974

TEN CENTS

Thirst Quencher

Recent bad weather has hampered construction of the much-needed west side pump station and water ground storage tank. However, city officials hope to have the facility operational by mid-June. The \$580,000 pump station (above) will be capable of pumping 20 million gallons daily. The tank will be built behind the pump station at a cost of \$215,000. The facility is located on Highway 544 near Custer Road. (Staff photo by Mike Newman).

Jackson Asks Price Freeze

Senator Says Oil Products Too Expensive

By WILLIAM E. CLAYTON
WASHINGTON (UPI) — Sen. Henry M. Jackson, D-Wash., called today for rollbacks and a freeze of prices of many petroleum products in this country, contending the "seven sisters" of the oil hierarchy admitted prices were too high.

N. Parkway Overpass Now Open

Dallas North Parkway at North Central Expressway is now open after undergoing repairs during the past two weeks.

The overpass was weakened when a backhoe carried on a tractor trailer hung onto an I-beam of the structure as the tractor trailer went under it. The backhoe hit a strategic point causing it to be unsafe, according to authorities.

Right-of-Way Subject Of Special Meet

The Collin County Commissioners Court has called a special meeting for 9:30 a.m. Friday in commissioners court to hear discussion on right-of-way and utility adjustments on Hwy. 75.

According to the brief agenda for the meeting, the commissioners will consider and presumably will act on financial proceedings concerning the adjustments with First Southwest Corp. The meeting is open to the public.

Jackson, chairman of the Senate investigations subcommittee which questioned executives of the top seven oil companies for three days, said he was introducing a bill calling for a rollback.

Federal Energy Chief William E. Simon promptly opposed such a move. He said last year's price freezes on food — marked by such things as drowning of baby chicks because of low prices — showed that "an uneconomic price" is paid for such restraints.

Jackson and Simon appeared together in an interview on the CBS-TV Morning News program.

Simon for the second day in a row urged against hasty legislative remedies that might aggravate rather than improve the energy crisis by discouraging oil companies from searching for new oil sources in this country.

In President Nixon's energy message to Congress Wednesday, he served notice that "private profiteering at public expense" would not be permitted in the energy crunch.

Jackson said after the third day of his hearings Wednesday — with a one-day recess today before he calls in Simon Friday morning — that there was no hard evidence that the oil companies contrived to produce the crisis. But he said they profited from it.

Jackson questioned today the effect of some of Nixon's proposals to hold down profiteering — such as the administration's brand of legislation to cope with windfall profits. "This is not adequate, frankly," he said.

Jackson said those dealing with the crisis should take the approach: "protect the consumer."

"I want them (oil companies) to make reasonable profits, but what's going on there is consumers are being gouged and the companies

are making unreasonable profits."

"I would prefer to see some benefit to the 200-odd million Americans that are directly affected by, for example, gasoline by rolling back and freezing the prices. This is where the major reform must come."

Jackson said the present "new oil" price of \$10.35 a barrel was unreasonable. "The industry itself — the seven largest companies — the seven sisters — they all agreed that \$10.35 was an unreasonable price," he said.

"My point is, right now, we are dealing with an unconscionable price situation in which the companies are taking advantage of what the Khadafys have been doing."

The reference was to Col. Moammar Khadafy, president of oil-rich Libya, origin of much of the imported U.S. oil prior to the Arab embargo. Since the

embargo, Libya has sharply escalated oil prices.

"I would prefer to do something in that area instead of having Col. Khadafy set new and inflationary price levels for petroleum products in the United States," Jackson said his legislation not only would call for a rollback in current prices to prices he did not specify, but a freeze "at lower levels."

Simon responded: "I want reasonable prices, absolutely. But a rollback — didn't we learn in the food area last year — the drowning of baby chicks, etc. — what an uneconomic price that is for long run objectives of self-sufficiency in this country?"

"We can keep oil and gas at reasonable levels in this country and still give the incentives for additional production and exploration to bring on the ability for self-sufficiency."

"We can keep oil and gas at reasonable levels in this country and still give the incentives for additional production and exploration to bring on the ability for self-sufficiency."

"We can keep oil and gas at reasonable levels in this country and still give the incentives for additional production and exploration to bring on the ability for self-sufficiency."

"We can keep oil and gas at reasonable levels in this country and still give the incentives for additional production and exploration to bring on the ability for self-sufficiency."

YMCA Drive Mounts

Collections Off to Fast Start

The Plano YMCA fund raisers will hold their first report meeting from 7 to 10 p.m. tonight at the Y office, and expectations are that a record-breaking report will be made.

Even though the fund drive didn't officially begin until Tuesday night at the kickoff banquet, the workers were able to report that close to 30 percent — over \$13,000 — of the \$45,000 goal already had been raised by banquet time.

With close to 150 workers in attendance at the Tuesday night affair, James Lewis was singled out for his work as chairman of the Industry Division, which reported their goal of \$5,700 had already been surpassed.

"James Lewis has done a fine job for the YMCA every

year he has worked in the campaign," commented Y board chairman Dr. James Stephens. "He and the industries of Plano are to be congratulated in their support of the YMCA."

The Industry Division topped their goal by almost \$1,000, as of Tuesday night.

Also receiving recognition was Ms. Laura Hargett, chairman of the Women's Division, who reported at the banquet that more than 30 percent of the division's \$3,500 goal had been attained.

"She has hung a first-place ribbon over her division to show all division leaders that the women are planning to be the top division," stated Joe Mashburn, co-chairman of the drive.

During the banquet, Dr. Stephens was given the Y's Outstanding Service Award, and other awards to be given later are the Indian Guide Worker, Top Indian Princess Worker, Top Captain, Top Division Leader, Top Canyon Creek Worker, Top Past Worker, the Grand Award, Half-Grand Award, Quota Buster and Century Club plaques.

"This year we're trying for 175 Century plaques," Mashburn revealed. "Last year we had 154 business and individuals who gave \$100 to the YMCA, and this time we're hoping to improve on that."

Although the first report meeting is always an important step in the Y drive, a similarly important report

meeting will be coming up at the same time Monday night. All funds raised by that time will be taken into consideration for competition for the Everts Award, the top fund-raising award in the Metropolitan YMCA.

Currently, the Plano Y is

one of only three clubs who have retired the trophy by winning it three years in a row, and the local Y's goal is to become the first club in history to retire the trophy twice.

There are 30 Metropolitan Y's in competition for the award.

Campaigning

Dennis Robinson, an independent real estate appraiser, cites what he calls overcrowded classroom conditions and a lack of foresight on the part of school officials for his reasons in running for the Plano school board. Seeking Place 1, now held by Dan Smith, Robinson made his opening campaign remarks today, which are carried on Page 8 of today's Star-Courier. (Staff photo by Mike Newman).

Strike Vote Called

Coal Miners to Quit

LONDON (UPI) — Coal miners leaders called today for a national coal shutdown in Britain, a move that could turn economic chaos into disaster.

They decided to hold a strike ballot of the country's 269,000 miners and to recommend a vote in favor of a walkout.

A union spokesman said the decision was reached at

a meeting of the full executive of the National Union of Mineworkers.

The strike decision was taken despite a last minute "think again" appeal by Prime Minister Edward Heath who asked them to put their country first.

Mineworkers President Joe Gormley said, however, he and other miners' leaders would be willing to meet

Heath "if he is prepared to indicate a bigger cash offer would be put before us."

Heath's appeal was contained in a personal letter delivered to Gormley as the mineworkers executive met.

"As Prime Minister, I urge most strongly that at your meeting your executive should consider the position as it affects the rest of the country," Heath said.

Gormley said the rank-and-file ballot will be held as soon as possible. He said it will take about two weeks.

Under union rules a 55 percent majority is needed for a walkout.

The decision to hold the ballot together with a strike recommendation by union leaders brought Britain closer to a disastrous national mines shutdown. It would come on top of a slowdown by the miners already in its third month.

In his letter, Heath said an all-out coal strike might make it impossible for the government to end Britain's present three-day week.

Jones to Seek County Position

T. C. (Tom) Jones has filed for Precinct 2 County Commissioner, "after many hours of serious meditation."

"I have lived in Collin

County all my 41 years and am familiar with the problems of county government," he said.

"I am a family man being married to the former Omega Kirby with whom we will celebrate our silver anniversary this year," he continued. "We have one son Tommy Jones who is attending school at McKinney High. My family and I attend church services at the Westside Church of Christ in McKinney."

A graduate of Roper High School in Ann, he attended the Christian College of the Southwest at Mesquite. He is now taking courses in business and accounting at the Grayson County Jr. College.

Jones has worked in Dallas the past 18 years, 13 years as a machinist and the last five years in tool engineering, which consists not only of tool design but planning-budgeting, business relations and purchasing.

"Your vote and support will be appreciated," he said.

Won't Resign

Nixon Plans to Stay

WASHINGTON (UPI) — For the second time since Congress re-convened, President Nixon has vowed to a group of House members that he will wage an all-out battle to serve out his remaining three years in office.

Rep. G.V. "Sonny" Montgomery, D-Miss., who was among a group of Democratic House members who meet privately with the President Wednesday night,

quoted Nixon as saying it would be "unthinkable" that he would voluntarily step aside before his term expires.

"It's unthinkable that I would resign. I'll fight it right down to the wire," Montgomery quoted the President as saying.

Nixon was scheduled to meet today with Senate Majority Leader Mike Mansfield, who has so far refused to go along with some other top Democrats in urging that Nixon resign or be impeached.

The White House meeting with the Democrats followed by a day a similar gathering of 18 House Republicans. One of them, Peter H. B. Frelinghuysen, R-N.J., said Nixon told them he would

overcome his Watergate-related problems and remain in office. According to Frelinghuysen, the President told the Republicans:

"There is a time to be timid. There is a time to be conciliatory. There is a time to fly and there is a time to fight. And I'm going to fight like hell."

The two meetings were the first opportunity Nixon had to talk with a large group of House members back from a month-long Christmas recess that allowed congressmen to test voter sentiment on impeachment.

The White House said the sessions with the congressmen were intended to discuss the outlook for legislative action.

Banquet Draws Yo-Yo Champ

Bunny Martin, reigning yo-yo champion of the world, will be the featured speaker at the Plano High School Football Banquet Jan. 26.

Martin won his yo-yo title in actual competition in Toronto, Canada and is known as an expert magician, juggler, singer-guitarist and humorist.

Known for performing "out of this world" tricks, one of Martin's favorites is striking matches in clenched teeth with spinning yo-yos.

A graduate of Howard Payne College in Brownwood, Martin was a college administrator before becoming an entertainer.

Martin is a member of the Fellowship of Christian Athletes and has performed before such athletic groups as the Dallas Cowboys, New York Jets and Buffalo Bills.

Roger Staubach commented about Martin, "He is truly big league. I don't believe that I or any of the other Cowboy team members have ever been better entertained."

Tickets for the PHS banquet can be purchased from the Plano Booster Club, sponsors of the banquet. Contact Joann Toler at 424-3007.

T.C. (TOM) JONES

PISD Sponsors Bus Workshop

Plano Independent School District will conduct a free School Bus Drivers Workshop Tuesday and Wednesday, Jan. 29 and 30, at the School Administration Building, 1517 Avenue H.

The workshop will be limited to the first 20 applicants, according to Personnel Director Jack Cockrill. Reservations for participation in the workshop may be made by calling the Personnel Office at 424-5602.

Beginning at 9 a.m. Tuesday, the workshop will provide instruction in safety education, student personnel relationships, and physical and license requirements for bus drivers. Participants will each receive one hour of behind-the-wheel training in a school bus the second day of the workshop.

After successful completion of the workshop, selected participants will earn \$3.50 per hour as school bus drivers in Plano, Cockrill said.

Assisting Cockrill in conducting the workshop will be Curriculum Director Bill Holfield, Safety Coordinator Jim Peppelmeier and Transportation Supervisor Curtis Meade.

A bazaar to benefit the scholarship fund and other projects will follow the meeting. Mrs. Johnnie Spies and Mrs. Colleen Aycock will direct the bazaar.

FEBRUARY 4
PLANO FIREFIGHTERS, regular monthly meeting Central Fire Station, 7:30 p.m.

MISS EBBY HALLIDAY

Board Addresses By Miss Halliday

"Success and good public image are necessary attributes for realtors and to attain those attributes every realtor and realtor-associate should strive for the utmost in knowledgeable service to a sophisticated public," realtor Ebbly Halliday told the monthly meeting of the Collin County Board of Realtors this week.

Miss Halliday, whose subject was "Sharing Your Knowledge," spoke to the group at Hurricane Creek Country Club. Mary Lou Muether, vice president and manager of the Ebbly Halliday Plano office, is the Collin County board's program chairman.

"We must," Miss Halliday continued, "appreciate this solid-growing community of Plano and environs and contribute something to the community which is, after all, a realtor's inventory."

Ebbly Halliday Realtors is an active sponsor of the Plano Sports Association, the Plano Chamber of Commerce and the Collin County Board of Realtors. The firm is also a member of

Mini-UN

The International Women's Club recently installed officers for 1974. Left to right is Lucia Frye from Colombia, treasurer; Edda Larson from Germany, publicity chairman; Marie Carayannopoulos of Greece, vice president, and seated is Madeline Wills from Canada, membership chairman. Not shown are Rena Collins from Greece, president, and Joan Murray from England, secretary. The club, whose membership is made up of wives born in foreign countries, was founded over four years ago and has been successful in extending a helping hand to new arrivals. It is a non-profit organization and is willing to offer the services of its members for translations for non-commercial use. Members of the club live in Plano, Richardson and Dallas. For other information about the IWC call Rena Collins, 231-9810, or Madeline Wills, 423-2273.

By Richland

Family Law Offered

"Texas Family Law," a Richland College Community Service course, will focus on consumer problems, new forms of ownership such as condominiums, family credit and other current legal problems.

The \$15 course will meet from 7 to 9 p.m. in room B108 at Richardson High School and begins Thursday, Feb. 7. For enrollment information call 746-4444.

Instructor William B.C. Pittenger, attorney, will discuss the basic concepts of marital property, Texas homestead law, Texas probate, wills, estate planning, life insurance, family tax, criminal law and parental custody of children. Topics will be presented by guest lecturers in each area.

The study of life insurance will include an explanation of the advantages and disadvantages of cash value, whole life policies versus term policies.

One session will be spent on income averaging and special situations, personal income taxation, and joint venture real estate.

Pittenger will also talk about Texas probate problems such as those arising if a person fails to make out a will. One problem he often sees when this happens is that half of the estate goes to the children and the system of

At Richland

'Dream Psychology' Offered

"Dream Psychology," a non-credit Richland College Community Service course, will begin soon, meeting on Tuesday nights.

The course co-sponsored by Julius Schepps Community Center, will meet from 7:30 to 9:30 p.m. beginning Jan. 29 for 8 weeks in room A-141 at Richland. Cost is \$15.

For more information call

Richland College Community Service at 746-4444. (Another section will open Mar. 26.)

The primary goal of this course, according to instructor Robert J. Hoss, is to bring about an understanding of the dream process to the point where a dreamer can, by studying his own dreams, find a greater level of self-

awareness and self-balance.

"Nothing is taught in the course which hasn't been accepted by modern psychological thought," Hoss said. "Dreams arise primarily from the process of personality creation going on within and point out to the dreamer conflicts between what he thinks he is on the outside and what he really is on the inside."

The course includes a history of dreams and dream theories, research findings, a basic understanding of the function of the psyche in dreams, an understanding of

symbol formation and a procedure by which the dreamer may analyze his own dreams to a degree whereby he can increase his self-awareness.

Instructor Hoss has a masters degree in information and a minor in psychology. He is a member of the Association for Research and Enlightenment and the Texas Society for Psychical Research. He has had training in human motivation, graphoanalysis, and alpha control and has conducted experiments in color psychology.

Judo Course Set For Next Week

Judo for Self-Defense, a course designed for men and women, will be offered by Richland College Community Services, beginning Monday.

The course, which will teach the fundamentals of judo techniques and philosophy, will meet for seven weeks in room S190 from 8 p.m. to 9:30 p.m. on Mondays and Wednesdays. Call 746-4494 for information.

Richland College also has a Judo Club which sponsors tournaments and students in the course will be able to participate.

The course is offered at a beginner level. After completion students will have earned a certificate and will be eligible to enter the green belt level. Instructor David Smith has just completed three months training in judo at the Kodokan School, Tokyo, Japan, where judo originated. Many of the Olympic teams train at the

Kodokan School and several of the instructors are the ninth degree instructors.

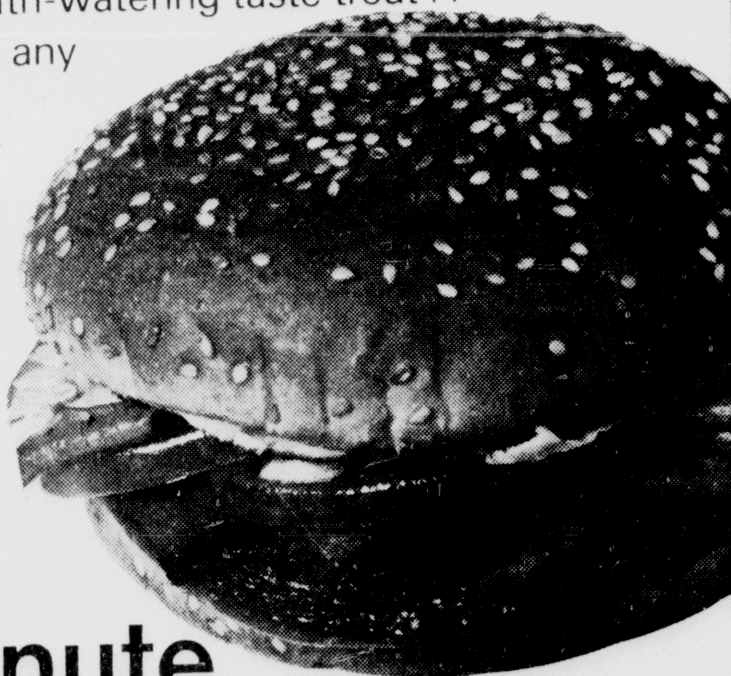

Smith reminds students that judo is not an offensive, martial art like karate, but it involves the development of the mind and body through perfect coordination to attain a perfect plane of efficiency.

1929 AVENUE "K",

Federal Aid Program Ready

Community Programs to Receive Support

Small rural communities in the Plano and McKinney area will soon have increased federal support to update or develop needed facilities, according to an announcement by J. Lynn Futch, director of the U.S. Department of Agriculture's Farmers Home Administration programs in Texas.

State director Futch said FHA can make credit available to small rural towns for a wide range of community facilities such as industrial parks, streets, fire-fighting equipment, ambulance services, community centers and even for community recreation.

The new program authorized under provisions of the 1972 Rural Development Act, supplements the Farmers Home Administration's water and waste disposal loan program.

"We are constantly striving to improve the quality of life in our state's small towns and outlying communities," Futch said. "Our water and sewer loan program has financed over 763 systems, with more than \$134 million, and has benefited 532,000 rural

people since the start of the program. Now we are in position to assist with more diverse projects," he added.

Most of the loans are expected to be made to public bodies such as towns up to 10,000 population, counties and some special purpose districts, Futch said. Some assistance may go to non-profit corporations, provided they prepare plans for adequate repayment.

Futch pointed out that priority will be given to municipal borrowers in communities smaller than 5,500 people to improve a deteriorating water supply, or to enlarge or modify a water system or an inadequate sewer system. Proposed plans must be

consistent with areawide development plans.

Borrowers may use funds to acquire land and/or water rights to construct buildings of modest design, size and cost essential to the

operation of the community facility, and to provide for a large variety of other needs.

Additional information is available through the Collin County FHA office, located in McKinney.

POLLY'S POINTERS

How about style for cotton hose?

By Polly Cramer

Polly's Problem

DEAR POLLY — My 50 year-old brass lighting fixture is badly pitted and so tarnished that it took me six hours of using good elbow grease and a leading brass cleaner to just clean the six-inch base. Does anyone know of a faster and easier way? This fixture is quite large and my fingers got so sore they cannot take much more. — CONNIE.

DEAR POLLY — Older women enjoy the extra warmth of cotton hose during the winter months. My Pet Peeve is with the manufacturers who do not make such hose in several shades, like nylons, so we senior citizens could have a bit of style along with comfort. — MRS. C.B.S.

DEAR POLLY — Bulbs are my current favorite hobby. I hope I can help Shirley and others who want to force narcissus bulbs. I fill a pot or bowl (without drainage holes) to within two inches of the rim with pebbles and saturate with water. Bury the bottom quarter of the bulb while keeping its base above the water line. Set container in a cool place (about 50 degrees) and leave in that dark, cool, well-ventilated location for a few weeks. Check water level occasionally. It should always be just below the base of the bulb. Keep the roots in water as the bulb begins to sprout. They will shrivel and die quickly if allowed to become dry. When shoots are three to four inches tall move container to the bright indirect light of a north window and leave for three or four days and then set pot in the sun but move it back to indirect light when the flowers open. Keep the roots moist and rotate the pot occasionally. — GEORGE.

DEAR POLLY — Helen wrote that she brings her narcissus out of the dark when about one-inch high and then places a cone of newspaper over the top to slow the growth a bit and prevent the plant from being so "leggy." The paper is removed when the growth of flower buds can be seen. — POLLY.

DEAR POLLY — I am very economical and dislike wasting anything. Whenever I have leftover toast from breakfast I tear it up into small pieces and put it in a plastic bag I keep in the freezer. If the toast has been buttered so much the better. Leftover rolls and hot dog buns are done the same and added to the bag. When I am going to make stuffing for chicken or turkey I have the most difficult job done. Such bread is often used to stretch meat loaf and I am not only saving bread (and money) but saving myself extra work. — MURIEL.

SEE AMERICA FIRST

NEW YORK (UPI) — Overseas tourists, attracted to the United States by the devaluation of the dollar, will spend about \$3.7 billion in this country in 1973 compared to \$3.2 billion last year, according to the Diners Club's international division.

For Friday, January 25, 1974

ARIES (March 21-April 19) Don't wait too long today to get together with one you need in order to make a decision. He won't be available later in the day.

TAURUS (April 20-May 20) Try to get important tasks done, as early as possible. Later, distractions will make you less productive than you planned on.

GEMINI (May 21-June 20) Ideas that come to you in a flash will be your best. Act upon them. If you ponder something too long results will be questionable.

CANCER (June 21-July 22) Something that you're thinking of getting for the home may not be available at the same price if you wait too long. Re-check your sources.

LEO (July 23-Aug. 22) Try not to be too tardy in making up your mind today in dealings with your mate or close associates. They don't have much patience.

VIRGO (Aug. 23-Sept. 22) Don't wait to collect on something you've done for another. If you do, the funds may not be available.

LIBRA (Sept. 23-Oct. 23) Someone you'll meet will make a strong impression on you but you won't be getting together as soon and as often as you'd like.

SCORPIO (Oct. 24-Nov. 22) Spend the early part of the day attending to family matters or you'll find a reason to put them off. They won't get done.

SAGITTARIUS (Nov. 23-Dec. 21) Check your mail carefully today. Be sure to return all calls. An important piece of news is coming your way.

CAPRICORN (Dec. 22-Jan. 19) If you're planning on shopping get out early while bargains are still on the racks. You won't do so well by afternoon.

AQUARIUS (Jan. 20-Feb. 19) Something will occur today to diminish some of your enthusiasm. You'll be tempted to slow down. Don't lose momentum now.

PISCES (Feb. 20-March 20) You'll feel more sure of yourself later in the day. Adjust your schedule to that time. You'll be more competent and energetic.

January 25, 1974
New ideas are worth developing this year because they will prove profitable if exploited. Keep your suitcase packed — you may take a long trip on impulse.

by Gill Fox

SIDE GLANCES

"I'm just not going to that swingers' party, Eric. I haven't an indecent thing to wear!"

WORKING TO DRIVE

BONN (UPI) — The privilege of driving a car in Germany is a case of hard labor.

To pay government taxes on his car, including gas taxes, the German car owner works 114 hours, up from 104 in 1972, according to the Federal Office of Statistics.

GIRL'S LIB

THE DALLES, Ore. (UPI) — Five girls on the Dalles Summer Swim Club have left no doubt about which sex has more endurance.

The girls completed all 25 miles of a swim down the Columbia River in a fund-raising effort for the club, while the seven boys who participated stopped short.

Does Slate Favor Some
Loop Teams in 2nd Round?

Schedule Advantage

BY ED VOSS
Sports Editor

At last District 13-AAAA play is beginning to shape-up. Not necessarily the way the Plano Wildcats would like the standings to read, but never the less, shaping-up.

For the first time in the seven-game series between loop teams does one squad, alone and by itself, hold an advantage over the other teams. Behold, the Sherman Bearcats.

Sherman stands alone at the top of the 13-AAAA standings with a 6-1 mark, their only minus mark inflicted by Richardson Pearce Jan. 11.

And Sherman looks to have an easier schedule in the second half of 13-AAAA play than any of the other teams. Sherman will catch all of their tougher opponents at home, with the exception of Plano and Greenville.

All three Richardson schools, Lake Highlands, Pearce and Richardson High, must travel to Bearcat Country. Denison will also pay homage to the Bearcats in the second round.

PLANO HITS THE ROAD

Meanwhile Plano will look to a tough schedule with four of their remaining seven-games away. Plano must travel to Pearce, Greenville, and Richardson in the toughest of the four games. Paris will host Plano also.

Plano won't have it easy at home either, Lake Highlands and Sherman will come to

town, also Denison.

Plano's first game in the second round will be Friday at Pearce. Pearce is currently suffering from a three-game losing streak.

Only as of Jan. 15, Pearce was at the top of the standings but are now trailing three other teams, two games back in the standings.

Plano Coach Larry Guinn, doing a little crystal-balling, said two weeks ago he felt Pearce would choke against Lake Highlands and Richardson. Guinn was right.

HOME GAMES EASIER?

Home games have proved to be easier for some loop ball clubs in the first round. Plano has yet to have had a bad game at home, all contests they lost at Wildcat Gym were thrillers down to the last second. Plano has now got the reputation around the district as one of the hardest to beat at home.

Same for Greenville. Greenville has yet to be beaten at their stomping grounds yet have lost every game they have played away from home.

Sherman lost their only game away from home.

In a district where teams are such equals, every little bit helps, and in this case the home court has made the difference in amny games.

If the same holds true in the second round Sherman is already a Shoe-in for district honors. But in this mad-cap district who can say what will happen?

DISTRICT 13-AAAA STANDINGS (Complete First Round)

TEAM	WON	LOST	PCT.	GB
1. Sherman Bearcats	6	1	.857	-
2. Richardson Eagles	5	2	.714	1
2. Lake Highlands	5	2	.714	1
3. Richardson Pearce	4	3	.571	2
3. Greenville Lions	4	3	.571	2
4. Plano Wildcats	3	4	.428	3
5. Paris Wildcats	1	6	.142	5
6. Denison Yellowjackets	0	7	.000	7

FRIDAY-JAN. 25 GAMES: Plano at Pearce, Paris at Lake Highlands, Richardson at Denison, Sherman at Greenville.

Soccer

Call-Outs Begin

Plano Sports Authority has begun soccer sign-ups for boys and girls in the first through ninth grades.

Sign-ups will be conducted throughout the week. Applications are available at each school. A registration day will be held at the First National Bank's Community Room Jan. 26 from 9 a.m. to 4 p.m. PSA also needs coaches and referees, both men and women, to assist in the soccer program. Those interested should contact Wiley Willingham at 424-8444.

Sports Briefs

OVERTIME AUTHORIZED
CHICAGO (UPI) — National Hockey League President Clarence Campbell authorized a sudden death overtime should tonight's East-West All-Star game here be tied at the end of regulation time.

"If the game should go into overtime, none of the players who will be playing in the game have a transportation problem," Campbell said.

TWO HONORED
NEW YORK (UPI) — Ted Turner of Atlanta and Sally Lindsay of Swampscott, Mass., were honored Wednesday with Martini & Rossi awards as 1973 Yachtsman and Yachtswoman of the Year. The 35-year-old Turner will skipper The Mariner in the America's Cup 12-meter yacht eliminations this summer.

YMCA Eleven Wrestlers Place

The Plano YMCA Wrestling Team placed eleven boys in the Fort Worth-Aledo Wrestling tournament Saturday in Aledo.

Over 300 wrestlers competed in the tournament. Plano's results are as follows in the elementary division:

Jimmy McCorkle, second at 44 lbs.

Bart Stover, second at 50 lbs.

Randy Bache, first at 53 lbs.

Bill Salter, third at 68 lbs.

David Brown, second at 77 lbs.

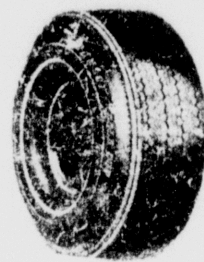

David Eisselle, fourth at 84 lbs.

Moose Downs, fourth at 89 lbs.

Eddie Brown, fourth at 94 lbs.

Paul Myers, fourth at 110 lbs.

In the jr. high division, Danny Engler placed third at 106 lbs. Kevin Wallace placed fourth at 100 lbs.

Yen Assaulted

Tokyo Market Calms

LONDON (UPI) — Calm returned to the Tokyo foreign exchange market today after Wednesday's all-out assault on the Japanese yen. In European markets, the U.S. dollar lost fractions of its value.

Tokyo banking sources said the Bank of Japan had to step into the market again today to keep the yen pegged at 300 to the dollar, its closing price.

But turnover was only \$130 million today, compared with \$742 million Wednesday. During Wednesday's trading—the first after two days of exchange market closure—the Bank of

Japan poured an estimated \$700 million into the market to keep the yen up.

In Europe, the dollar opened lower in Frankfurt, Zurich, London, and Amsterdam. But it rose fractionally in Paris, which touched off this week's currency turmoil by "floating" the French franc free of official exchange rates.

The official commercial dollar, used in foreign trade, opened today at 5.23 francs, up from the 5.22 rate it had maintained since Monday afternoon. The tourists' financial dollar dropped equally slightly, from 5.35

francs to 5.34 today.

Frankfurt's market opened at 2.85 marks to the dollar, down from Wednesday's 2.8585. In Amsterdam the opening rate of 3.00 guilders was a fractional drop.

In London, the market opened at \$2.1892 to the pound, fractionally more expensive than Wednesday's \$2.

Executives

New officers in the Women's Division of the Chamber of Commerce were installed at a luncheon last week. Assuming duties for the coming year are (left to right) treasurer Alice Bunt, first vice director Carol Blackwell, director Ann

Jones, recording secretary Delores Bruncke, second vice director Betty King, and corresponding secretary Charlene Chronister. (Staff photo by Mike Newman).

Robinson Speaks On Citizen Duty

Alleviating overcrowded classroom conditions and planning for adequate future expansion are the primary concerns of Dennis Robinson as he announced his intention to run for Place 1 in the upcoming school board election.

Robinson is an independent real estate appraiser with offices in Dallas and Plano. A Senior Residential Appraiser of the Society of Real Estate Appraisers, he is an instructor in the Dallas County Junior College system, and has worked in Plano's residential and commercial development for the past eight years.

After watching the tremendous growth of Plano during this time, he made it his home in July of 1973 and become "active in shaping the future of the Plano school system," he said. After the rezoning of the elementary schools in August, Robinson said he insisted that the school board re-examine the development program they were following in planning school expansion.

Robinson said he became chairman and spokesman for The Plano Committee for Better Schools, becoming familiar with the overall operation, aims and objectives of the Plano Independent School District. He has stayed in contact with the continuing operations of the school board, he said.

"I am running for Place 1 on the school board for many reasons which can best be summarized as 'duty,'" Robinson said. "I feel I have the expertise necessary for

analyzing the many problems which face the school board in the way of financing, land acquisition, construction and maintenance necessary for taking care of the growing number of students in our school system.

"We are facing crowded classroom conditions, insufficient supplies of textbooks and related materials at all levels, and insufficient playground areas and equipment for the elementary schools," he said. "Past planning was not adequate, and action was not taken which would have insured the continued growth of our school system. Because of my teaching experience, I have the first-hand knowledge of the educational process which will aid in evaluation of the pure 'educational' problems which face the school board.

"Finally, as the father of daughters in both the elementary and secondary education levels, and as a citizen of Plano, it is my responsibility to do whatever I can to see that our public school system maintains its position as a leader in education," Robinson said.

"Leadership requires adequate, but reasonable, expansion of physical facilities and the broadening of our educational programs; all done with one thing in mind—to provide the children of our community with the best possible education we can give them. This is the duty of all of us," he said.

Robinson has named Al Bond as his campaign manager.

Cub Scouts Hold Race Car Meet

The Pinewood Derby was the highlight of the January meeting of Cub Scout Pack 287, held at Shepard school. Larry Amsberry presided.

All Cubs built a car of their own design, and races were held to determine the fastest. Car design awards were presented to Webb Brasher and Mark Moore, and trophies were given to the top three race winners, Steve Lewis, Matt Price and Scott Benson.

Regular Cub Scout awards went to Ed Broke with a Wolf badge and Alan St. Clair received a silver arrow

point. The following Webelos were given an Outdoorsman award: Steven Krupka, Steven Lewis, Scott Walker, Scott Benson, Brett Herrin, Chris Godwin and Mark Demay.

Also Matt Price joined the Webelos den.

The attendance award was given to Den 3. The next meeting will be Feb. 21 at the annual Blue-Gold banquet which will be held at Shepard. In addition, Feb. 12 was designated as Cub Scout Day and all scouts will wear their uniforms to school.

At Richland College

Boating Safety Courses Set

Two Community Service courses at Richland College beginning soon are "Coast Guard Approved Boating Safety," for students of all ages, and "Shape Up Your Study Skills," for students aged 14-17.

"Coast Guard Approved Boating Safety," a course beginning Monday, Feb. 18, will meet in room B142 at Richland 7:30-9:30 p.m. The free course, sponsored by the U.S. Coast Guard Auxiliary, will consist of films, slides, and lectures to help students learn to operate a boat safely. All family members regardless of age are eligible to enroll.

Instructor Paul DeGraff, U.S. Coast Guard, will focus on the safe way to have boating enjoyment, sailor's language, boat handling, legal requirements, aids to navigation, charts and compass, marine engines, marlinpike seamanship

(how to tie knots), sailing sailboats, weather, and radio-telephone.

The second course, "Shape Up Your Study Skills," will focus on note-taking, outlining, summarizing, organizing for reports, using

a library, dictionary, maps, graphs, charts, studying for and taking exams, reading for viewpoint, author's organization and mainideas. The \$20 ten-week course begins Tuesday, Feb. 5, and will meet from 4:20 to 5:50

p.m. in room F140 at Richland. The instructor is Pat Payne.

For further information, call Richland College Community Services at 746-4444 or go by the office at 12800 Abrams Rd.
